

KINGS SCHOOLS-KABOWA

REVISION WORK

CLASS : P.3

LEARNING AREA : MATHEMATICS

29th May 2020

Name: _____

Date: _____

SECTION	MARKS
A	
B	
TOTAL	

SECTION A:

1. Subtract 3

$$\begin{array}{r} \\ - 3 \\ \hline \\ \hline \end{array}$$

2. Name the set.

3. What is the place value of 2 in 320?

4. Draw the shape of a kite.

5. Find the missing numbers.

0 , 3 , 6 , 9 , _____

6. Shade the fraction $\frac{3}{5}$.

--	--	--	--	--

7. Work out: T O

4 7

+ 1 8

8. Use a number line to subtract.

$$7 - 2 =$$

9. If  represents 2 flowers. How many flowers are

represented by   ?

10. A pen costs shs. 300. What is the cost of 3 pens?

11. Fill in the tens and ones.

_____ tens _____ ones = 46

12. Tell the time.

13. Add: $\frac{5}{11} + \frac{3}{11}$

14. Which pot holds more water?

C

D

15. Draw a set symbol to show A set of goats that fly.

16. Find the missing number.

$$+ 5 = 11$$

17. A baby slept at 9 o'clock and woke up at 9 o'clock. For how long did the baby sleep?

18. Share 24 mangoes equally among 3 girls. How many mangoes will each get?

19. Find the perimeter of the square below.

20. Subtract $\frac{7}{9} - \frac{5}{9}$

SECTION B

21. Use the sets below to answer the questions.

- (a) Which set has more members?
- (b) Which set has 4 members?
- (c) How many more members are in set B than set A?

22. (a) Expand 24.

(b) Draw beads to represent 305 on the abacus below.

23. (a) Arrange these fractions starting with the smallest.

$$\frac{1}{4} \quad , \quad \frac{1}{2} \quad , \quad \frac{1}{3}$$

(b) Mother gave Tom a full cup of milk. Tom drank $\frac{1}{2}$ of it.

What fraction remained?

24. Study the shopping list below.

a book shs 500

a pencil shs 200

an egg shs 400

a sweet shs 300

(a) What is the cheapest item?

(b) What is the total cost of a sweet and an egg?

(c) If Fred had shs 900 and bought a book. How much money did he remain with?

25. Find the missing numbers.

$$\square \div 2 = 4$$

$$\square \times 3 = 15$$

$$\square - 1 = 10$$

26. (a) Write in figures: two hundred sixty three

(b) Which number has been expanded to give,

$$900 + 20 + 7 =$$

27. (a) Name these shapes.

(b) Draw these shapes.

kite	cylinder

28.

(a) What is the distance from the office to the classroom?

(b) Which is the shortest distance?

(c) Add all the distances.

29. (a) Work out:

$$\begin{array}{r} 5 \quad 1 \\ - \quad 9 \\ \hline \end{array}$$

(b) A cat has 4 legs. How many legs do 6 cats have?

30. Complete the table.

+	2	3
6		
4		7
1		

31. Mayo is 17 years old. Brenda is 11 years.

(a) Who is older?

(b) Find their total age?

32. Study the bar graph and answer the questions. Four pupils picked some mangoes.

(a) How many mangoes did Abdul pick?

(b) Who picked the highest number of mangoes?

(c) Olive picked the same number of mangoes as _____

(d) Find the total number of mangoes picked by all the four pupils.
