

DISNEY KINDERGARTEN AND PRIMARY SCHOOL

MONDAY 30TH March, 2020

Name:

CHANGES IN THE ENVIRONMENT.

The sun
Brightly shining up there
You give us heat and light
And make our plants grow.

The wind
You move things like kites
You help in winnowing
You are good but sometimes bad
You blow off the roofs of our houses

The clouds
Sometimes white like cotton wool
Sometimes black or grey
When it is so hot, you appear,
The weather changes.

The mighty rain
From the dark sky
You come like drops of water
On this dry and thirsty land
Plants and people need you.

Questions:

Read the poem above and answer the questions about it correctly.

1. What is the poem about?

WEDNESDAY, 1ST APRIL, 2020

Read the passage below and answer questions about it correctly.

People do a lot of activities in the environment in our sub-county/division. These include pottery, farming, fishing, brick making, etc.

Some activities are not good because they destroy the environment. Examples of these are cutting down trees, burning bushes, dumping rubbish into trenches and swamps and overgrazing.

Overgrazing, bush burning and cutting down trees cause soil erosion. Dumping rubbish anywhere causes easy spread of diseases like cholera.

We should all be responsible and care for our environment by disposing off wastes properly, planting more trees and avoid bad farming methods like bush burning and overgrazing.

QUESTIONS

1. What do people do in the environment?

2. What activities do people do in or near swamps?

3. Why are some activities not good?
