P.6 TERM 2020

WEEK 1

SST

1. What do we call a small river that branches away from the main river?
2. Give any one reason why the lower (mature) stage of a river is good for fishing.
3. Why aren't some rivers good for water transport?
4. Name any one river that forms a delta at its mouth in East Africa.
5. What is an ethnic group?
6. What is meant by suffering?
7. Mention any one form of suffering among people today.
8. Why do people stand upright when singing the National Anthem?
9. Which is the swampiest lake in Uganda?
10. Give one reason why people keep their money in banks.
11. Why is 9th October remembered in the political history of Uganda?
12. Name any one traditional means of communication.
13. Give one reason why people keep their money in banks.
15. State any one problem caused by too much rainfall in an area.
16. What role is played by the Resident District Commissioner in a district?
17. Which arm of government is headed by the Chief Justice?
18. Why is poaching not allowed in game parks of Uganda?
19. Why do motor cycle riders wear helmets?
20. Name the tribe that tells the legend of Mundu and Seera.
21. Mention the type of volcanic mountain which is not expected to erupt again.
22. a) Write down the origin of the following tribal groups in East Africa.
 - i) Bantu
 - ii) Nilotics
 - iii) Hamitesb) State anyone cause for the migration of tribal groups Uganda.
23. a) What was Stone Age period?
 - b) Name the discovery that marked the end of stone age.
 - c) In which way was a bolas useful to Bushmen?
 - d) Mention anyone source of information about earlyman.
24. a) Outline two European groups that came to Uganda.
 - b) State two good effects of the British rule in Uganda.
25. (a) Name the cradle lands of the following Ethnic groups.
 - (i) The Bantu
 - (ii) The Nilotics(b) Mention two reasons why early ethnic groups migrated to new areas.
26. (a) Why are there different types of natural vegetation in Uganda?
 - (b) Name the two types of vegetation.

- (c) Mention one bad result of deforestation.
- 27. a) Identify one economic use of land to people.
- b) Apart from land, name two examples of natural resources.
- (c) How will the government of Uganda benefit from her petroleum?
- 28. (a) Name the highest peak of Mount Elgon.
- (b) How were the following features formed?
 - (i) Lake Victoria
 - (ii) Rift Valley
- (c) How do lakes promote good climate in Uganda?
- 29 .a)Write EAC in full.
- b) Give any two reasons why the EAC was formed.
- c) How did the collapse of EAC in 1977 affect trade in the East African region?

SHALOM PRIMARY SCHOOL

P.6 TERM 2020

WEEK 1
ENGLISH

Write the nouns below in plural form.

1. a lady's hat
2. my friend's book
3. a child's toy
4. a woman's shoe
5. the fox's hair
6. tug of war
7. head of cattle
8. equipment
9. pocket money

Re-write the sentences below as instructed in the brackets.

10. When you work hard, you get good marks. (Beginning: The ----, the----)
11. Mary saw a mad dog on the road. She cried for help there and then.
(Begin: No sooner-----)
12. Female anopheles mosquitoes spread malaria. (Begin Malaria-----)
13. "I will visit my grandmother tomorrow", said Jane. (Begin: Jane said that-)
14. There isn't any sugar in the tea, -----? (Supply a suitable question tag)
15. The boy went to bed after having supper. (Use-----before-----)
16. Refer to the teacher every time you find hard questions. (Begin: Whenever-)
17. If I take my cock to the market, I will get a lot of money. (Use -- would--)
18. Someone has taken my books. (Begin; My books -----)
19. Unless you wake up early, you will not attend the first lesson.
(Begin: If-----)
19. Mutebi is twelve years old. Mukasa is also twelve years old.
(Join the sentences using.....as.....as.....)
20. Ugandans should register and get electronic passports.
(Rewrite the sentence using.....ought to.....)
21. The car was expensive. Nalubega could not afford it.
(Rewrite the sentences using:so.....that.....)
22. The baby likes eating pawpaws more than eating pineapples.
(Rewrite using:would rather.....)
23. It is not far from Kampala to Entebbe.
(Rewrite the sentence using;a long way.....)
24. As COVID19 continues to worsen, people's lives become very miserable.
(Join the sentence using: The....., the.....)
25. My father bought a car. It was white . It was old. It was imported from Japan.
(Join the sentences without using "that", "and", "which")

26. Read the passage below and answer the questions that follow in full sentences.

In Uganda and all over the world, drivers, cyclists, passengers, motorcyclists and pedestrians are always on the road day and night. All these are called road users.

All road users should be careful when moving because the road is very dangerous especially during rush hours. Road users should embrace the use of the zebra crossing when crossing the road in order to be relatively safe.

Causes of road accidents include; speeding, drunken-driving and poor mechanical conditions of vehicles. Careless driving is also a cause of road accidents. Motorists who drive carelessly do not respect road signs and other road users.

These and other causes of road accidents are always written and discussed in media. In order to use the road safely, all road users ought to understand and abide by the Highway Code. These are the official traffic rules for drivers and other users of roads.

Questions;

1. What is the passage about?
2. What do we call the official traffic rules for road users?
3. According to the passage, why should road users be careful when moving?
4. What don't careless motorists do?
5. Besides motorists, give any other road user you know.
6. What should all road users obey in order to use the road safely?
7. When is the road very dangerous to use according to the passage?
8. At which point is the road safe to cross?
9. Suggest a suitable title to the passage.

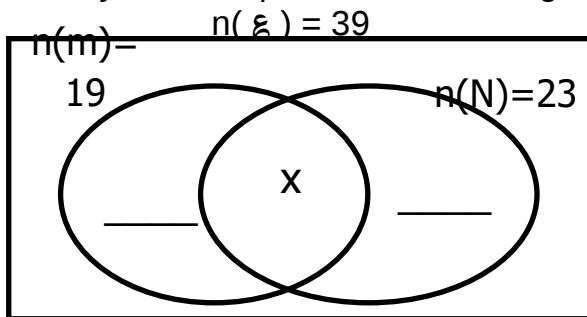

SHALOM PRIMARY SCHOOL

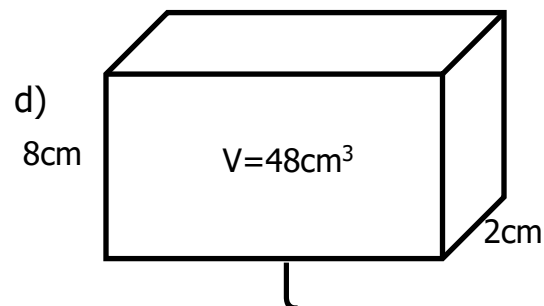

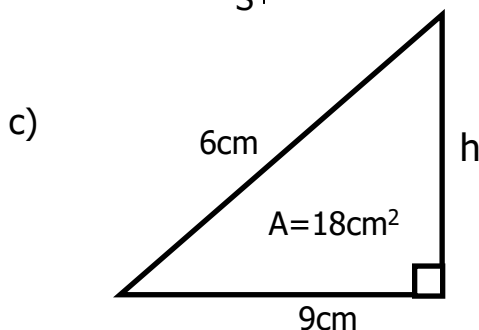

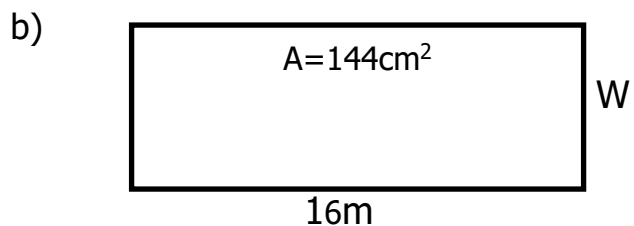

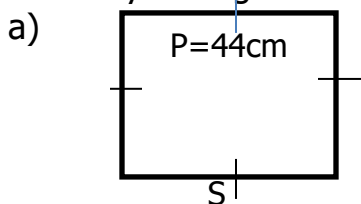

P.6 TERM 2020

WEEK I MATH

- Find the square of 13
- The cost of 3 exercise books is 3,600/=. What is the cost of 5 similar books at the same rate?
- Study and complete the Venn diagram below.

- Use the venn diagram above to find the value of x .
- Work out: $0.7 - 0.9 + 2.3$
- Workout the square root of 144.
- Use prime factorisation to find the GCF of 12 and 18.
- Workout: $9.02 - 4.6 + 8$
- Solve: $9y - 2 - 4y = 23$
- Write $9000 + 90 + 0.1 + 0.09$ in short form.
- List down a set of odd numbers greater than 10 but less than 20.
- Add: $3\frac{1}{3} + 1\frac{2}{3}$
- Work out: $\frac{1}{2}$ of 18 + $\frac{3}{4}$ of 16.
- Solve: $\frac{2}{9}n + 3 = 5$
- Study the figures below and work out the values of the unknown sides

16. Workout:

a) $3\frac{1}{5} + 2\frac{1}{5} + 3\frac{1}{3}$

b) $2\frac{1}{8} - \frac{5}{8} + 2\frac{1}{4}$

17. Nakate obtained the following marks in the End of year Exams
30, 65, 80, 70, 65 and 60.

Find;

a) Median mark

b) Mode

c) Mean mark

d) Range

18. A class has 60 pupils. $\frac{2}{3}$ of them are girls and the rest are boys.

a) What is the fraction of boys in the class?

b) How many girls are in the class?

c) Find the number of boys in the class.

19. Mutungi went to the supermarket and bought the following items.

2 kg of sugar at sh. 5,000 per kg

1 litres of milk at sh. 2,000 each litre

3 loaves of bread at sh. 3,000 per loaf.

2 dozens of books for sh. 18,000.

20 a) Calculate her total expenditure.

b) If she went with sh. 50,000, find her change.

SHALOM PRIMARY SCHOOL

P.6 TERM 2020

WEEK I

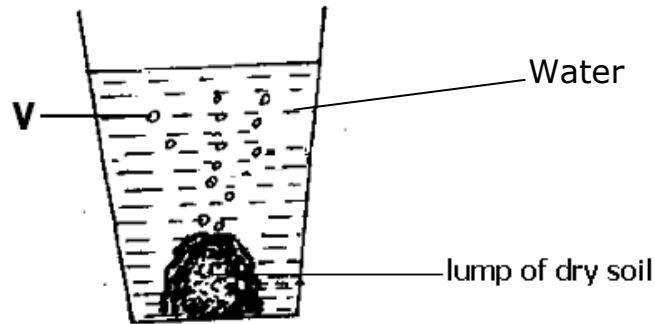

SCIENCE

1. How are gills of a fish similar to human lungs?
2. Name the childhood immunisable disease spread through drinking contaminated water.
3. How does yeast reproduce?
4. How can one recover salt from a salt solution?
5. Give one sign of a goat on heat.
6. Write down one agent of weathering of rocks.
7. Why does a stone sink in water?
8. Where does digestion of food end in man?
9. Why is sugar used in the making of ORS.
10. Write down one method of storing sound energy.
11. Name one organ of the body damaged by excessive drinking of alcohol.
12. Which instrument is used to measure the strength of wind?
13. a) Name the type of tooth drawn below.

- b) How useful is the tooth drawn above to animals?
14. a) Give the use of a queen excluder in a modern bee hive.
b) State two advantages of a modern bee hive.
c) Write down one chamber in a modern bee hive.
15. a) How can one care for vulnerable people?
b) Name any two groups of vulnerable people apart from the elderly.
c) Why should the elderly be fed on food rich in proteins?
16. a) Why is rusting considered to be a chemical change?
b) State two differences between chemical and physical changes.
c) What type of change occurs when organic matter decomposes?

17. The experiment below is about soil.

- a) What does the experiment prove about soil?
 - b) What does part **V** show?
 - c) Write down any two ways man degrades soil.
18. a) Give two importance of reptiles to man.
b) Identify two differences between reptiles and mammals.
19. Use the organisms given in the table below to answer questions.

A	B	C	D
Ducks Eagles	Cows Goats	Frogs Toads	Chameleons Snakes

- a) How is group A different from group B in terms of reproduction?
- b) Identify one way how group A is similar to group B apart from being homoeothermic.
- c) Name any other two organisms that can be grouped under C.

SHALOM PRIMARY SCHOOL

P.6 TERM 2020

WEEK II

SST

Study the map of East Africa below and use it to answer questions that follow.

Questions;

1. a) Name the mountains marked A to F.
b) How is the formation of mountain D similar to that of mountain B.?
c) What is the highest mountain peak in East Africa?
2. Which tribe of people grow Arabica coffee on the slopes of mountain marked E.
3. Give two reasons why mountain slopes of East Africa are densely populated?
 - a) What was slave trade?
 - b) Mention anyone method the Arabs used to obtain slaves.
 - c) Name one slave market in East Africa.
 - d) How were the dhows useful to the Arab Traders?
10. Why is rain gauge placed in an open area at the weather station?
11. Identify one problem the missionaries faced in Uganda?
12. State the importance of a timetable to pupils.

13. Name the sea ports Uganda uses to handle her imports and exports.
14. What is the main work of police force in Uganda?
15. Give any two ways in which people express their culture in Uganda.
16. Apart from giving loans, how else are commercial banks useful to people?
17. Mention any three ways in which road accidents can be reduced in Uganda.
18. Why did slave trade take long to be abolished in East Africa?
19. What punishment did God give Cain?
20. Why was God happy with Abel?
21. a) Mention any one way in which the people of East Africa were politically organised.
b) Give any two reasons why kingdoms were restored in Uganda.
c) State any three reasons why the Bachwezi are still remembered in East Africa.
d) Why did the Chwezi dynasty collapse in Bunyoro Kitara?
22. a) What is culture?
b) Mention any one type of culture.
c) Give any two importance of culture.
23. EITHER: a) Briefly give the meaning of faith?
b) Name two people who showed great faith in God.
c) Mention one promise God gave to Abraham?
OR: (a) Briefly give the meaning of Iman.
(b) Outline three pillars of Iman.
24. EITHER: a) What name was given to the promised land of the Israelites?
b) Who led the Israelites from Egypt?
c) Mention two problems the Israelites faced while migrating from Egypt.
OR: a) Name the city where Prophet Muhammad was born.
b) Why did Prophet Muhammad later move to Medina?
c) Name any two of the sons of Prophet Muhammad.
25. EITHER: a) Who was the mother of Jesus Christ?
b) Why was Jesus die on the cross?
c) Apart from teaching, state two things Jesus did in His ministry.
OR: Name four holy books of Islam.
26. EITHER: a) Name the period in which Christians fast.
b) What is celebrated on these days?
(i) Ash Wednesday
(ii) Palm Sunday
c) Give one reason why Christians fast.
OR: a) What do we call the month of fasting of Muslims?
b) What celebrations marks the end of fasting among the Moslems?
c) Give two reasons why Muslims fast.
27. Either: a) Name the prayer Jesus Christ taught to His disciples.
b) Mention any three requests Christians make from the prayer above.
Or: a) Outline three of the daily prayers Moslems say.
b) What are Sunnah Prayers?

SHALOM PRIMARY SCHOOL

P.6 TERM 2020

WEEK II

ENGLISH

Complete the sentences below using the correct form of the word in the brackets.

1. Corruption has _____ most Ugandans.(poor)
2. Flamingoes are the _____ birds in the world.(rare)
3. A _____ car knocked a pedestrian down.(speed)
4. Shivan is the _____ of the two sisters.(old)
5. What is the _____ letter of the alphabet? (nine)
6. Robbers use their guns _____.(illegal)
7. The soldiers walked _____ across the bridge. (hurry)

P.6 TERM 2020

WEEK II
MATHS

1. List down all the factors of 36.
2. If $y = 5$, find the value of $5y^2$.
3. A mathematics exam started at 8:30 a.m. and it lasted for 2 hours and 15 minutes. At what time did it end?
4. Subtract; $368.42 - 12.468$.
5. The perimeter of the triangle below is 18cm. Find the value of x in cm.

6. A basket contains 12 mangoes and 8 oranges. What is the probability of picking an orange at random from the basket?
7. Write " Four hundred five thousand five hundred" in figures.
8. Find the value of x and y using equivalent fractions.
$$\frac{2}{3} = \frac{x}{15} = \frac{8}{y}$$
9. Convert 270 minutes to hours.
10. Find the average of the first six even numbers.
11. Which is greater; $\frac{2}{9}$ or $\frac{7}{18}$?
12. Change $3\frac{1}{4}$ kg to grams.
13. Find the value of the unknown in;

14. Name the type of angles below;

- a) 25° _____
- b) 149° _____
- c) 90° _____
- d) 190° _____
- e) 180° _____
- f) 89° _____
- g) 280° _____

15. Patrick went shopping and bought the following items.

- 2 kg of sugar at 1,700/= per kg.
- 4 packets of biscuits at 3,000/= each
- 2 packets of sweets at 5,000/=
- $1\frac{1}{2}$ kg of rice at shs 3,000 per kg.

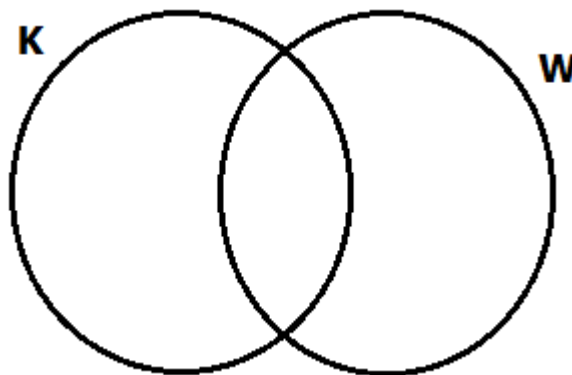

- a) Find Patrick's total expenditure.
- b) If Patrick had shs. 35,000, how much was his change?

16. Study the shopping bill below carefully and complete it correctly (show all the working)

Item	Quantity	Unit Cost	Total cost
Sugar	3kg	Shs 3,000	Sh _____
Meat	_____ kg	Sh.4,500	Sh. 13,500
Rice	5kg	Sh _____	Sh. 8,000
Salt	500g	Sh 10,00per kg	Sh. _____
Total expenditure			Sh. _____

17. Given that set $K = \{\text{All prime numbers less than 17}\}$ and set $W = \{\text{All counting numbers less than 7}\}$.

- (a) List the members of set K.
- (b) List the members of set W.
- (c) Represent the above sets on the Venn diagram below.

18 In a sack of 630 fruits, $\frac{5}{7}$ of them are oranges and the rest are mangoes.

- (a) What fraction of the fruits are mangoes?
- (b) How many more oranges than mangoes are in the sack?

16. **Read the letter below and in full sentences answer the questions that follow.**

Nakayima Primary School, Kabwohe,
P.O. Box 6037,
Mbarara.

29/12/2019

Dear Atukunda,

How are you over there? Hope Kampala City Academy is ok.

I am writing this letter to tell you the excitement I have got. Our teacher of English Mrs. Nayebare has just taught about, "The Internet". Oh my God! A computer with internet is like a person. I have created an e-mail address which has helped me to get pen pals from different countries.

When I come to Kampala, I shall take you to the nearest Internet café and I teach you how to search information from the internet.

You told me that you are an Arsenal fan, we shall open their website and you see all their football players. See you in holidays.

Your friend,
Ainembabazi

Questions

- a) In which school is the writer?
- b) When was the letter written?
- c) What is Mrs Nanyabare according to the letter?
- d) When is the writer likely to visit the friend?
- e) Who wrote the letter?
- f) What is the relationship between Atukunda and Ainembabazi?
- g) Where does Atukunda go to school?
- h) According to the writer, what is a computer with internet like?
- i) What does Ainembabazi promise to do while in Kampala?
- j) Which football club does Atukunda support?

WEEK III

MATHS

1. Workout: $4\frac{1}{4} - 2\frac{1}{8}$
2. Find the area of a square whose perimeter is 28cm.
3. Find the area of a rectangular garden whose length is 13dm and width 7dm.
4. Find the perimeter of a regular pentagon of sides 7dm.
5. Find the area of a triangle whose height is 13cm and base 10cm.
6. Find the length of one side of the square whose area is 49cm^2
7. The perimeter of a rectangle is 54m^2 , its length is 9m find its width.
8. The volume of the box below is 120cm^3 .

- a) Find its height
 - b) Find the area of the shaded part
 - c) Find the total surface Area (TSA) of the figure.
9. **Study the figure and answer the questions that follow**

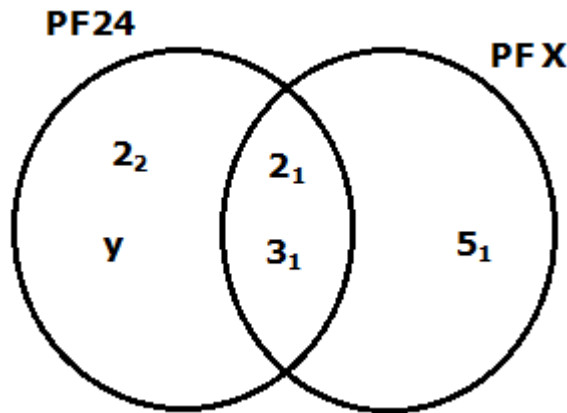

- a) Find the value of x
 - b) Work out the area of the figure
 - c) Calculate the perimeter of the figure.
10. The table below shows Ninsiima's shopping list. Complete the table.

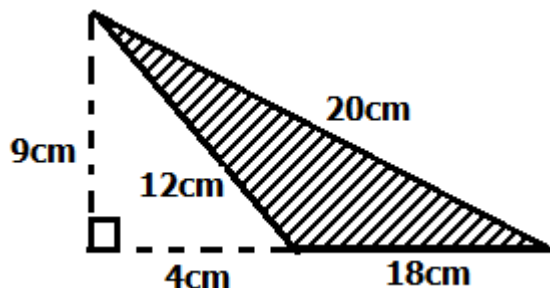

Quantity	Unit price	Amount
2 litres of milk	Sh. 3000 per litre	Sh. _____
___ loaves of bread	Sh. 3500 per loaf	Sh. 7000
500gm of butter	Sh. _____ per Kg	Sh. _____

1 ½ Kg of sugar	Sh. _____ per Kg	Sh. 9000
Total Expenditure		Sh. 32,000

11. Study the Venn diagram below carefully and answer the questions that follow.

- Find the value of x .
 - Work out the value of y .
 - Find the GCF of 24 and x .
12. A cyclist left Kampala at 6:00 a.m. and arrived at Mbale at 8:00 a.m. covering a distance of 144km.
- Find the speed of the cyclist from Kampala to Mbale.
 - The motor car returned to Kampala at a steady speed of 108km/hr. How long did the return journey take?
13. The figure below is a triangle. Work out the area of the figure.

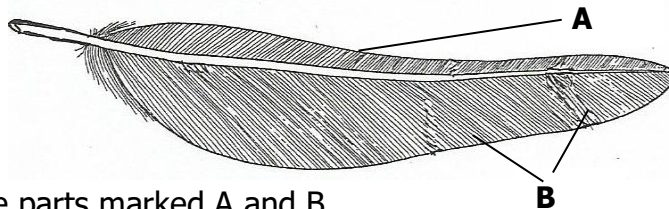

14. A school gave out 1587 eggs to be shared equally among 23 streams.
- How many eggs did each stream get?
 - If an egg costs sh. 350, how much money did the school spend on the eggs of each stream?

Science

- Why does cooking oil float on water?
- Why should a hutch of rabbits be raised one metre above the ground?
- Why are cooks advised to lift hot cooking pans using insulators?
- What is kindling in rabbit keeping?
- Name any one type of brooder.
- How useful is a child health card to a parent?
- State the use of a stretcher to a first aider.

8. Name one example of a scavenger mammal.
9. What is soil exhaustion?
10. Identify the non-communicable disease of the eyes.
11. How can leaves be important to plants?
12. State the difference between shearing and docking in sheep management.
13. How is the role of drone bees different from that of worker bees in a hive?
14. Why do fish have streamlined bodies?
15. a) Name one example of endo parasites in man.
b) Write down two ways endo parasites enter our bodies.
c) How can one avoid endo parasites from entering one's body.
16. a) What are enzymes?
b) Write down three characteristics of enzymes.
17. Use the diagram of a feather below to answer questions that follow.

- a) Name parts marked A and B.
- b) On which part of a bird is such a feather found?
- c) How important are feathers to birds?
18. a) Match items in list A with those in B.

List A Goitre Beri beri Kwashiorkor Anaemia	List B Lack of vitamin C. Lack of iron in the diet. Lack of Iodine Lack of Vitamin B1
--	--
- 19 (a) What is soil erosion?
(b) Suggest any one way you can control soil erosion in a school compound.
(c) Identify any two causes of soil erosion.
- 20 (a) Identify any one condition necessary for rusting.
(b) Suggest any one way you can control rusting in metals.
(c) How is rusting similar to burning?
- 21 (a) Give one importance of crossbreeding goats.
(b) Mention one way of preserving milk.
(c) Mention two examples of goats kept for milk production.
- 22 (a) Why should holes of a pit latrine be covered when not in use?
(b) State any one value of building pit latrines 30 metres away from the water source.
(c) List down any two ways of keeping pit latrines clean.

SHALOM PRIMARY SCHOOL

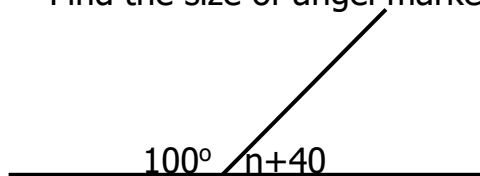

P.6 TERM 2020

WEEK IV
MATHS

1. Express CCXIV in Hindu Arabic numerals.
2. Workout the lowest common Multiple (L.C.M) of 12 and 15.
3. Simplify : $3 - 14 + 15$
4. Describe the shaded region.

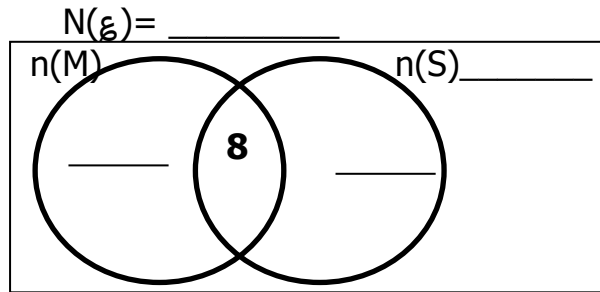

5. Express 2:45 p.m. to 24 hour clock
6. Solve for q: $2q - 3 + 5 + q = 11$
7. If $A \cup B = \{1, 2, 3, 4, 5, 6\}$ $A \cap B = \{3, 6\}$ and $A = \{1, 3, 6\}$. Find B.
8. The following sets are all subsets to set P. What could set P be?
 $Q = \{a, e, r, p, s\}$ $R = \{d, f, q, t\}$
 $S = \{a, b, d, r\}$ $T = \{e, f, u\}$
9. Subtract $2,709,385 - 1,845,295$
10. The cost of a kg of meat is 8,000=. If David bought 2 kg 500g. How much did he spend?
11. A set has 4 elements. Find the number of proper subsets the set has.
12. Find the square root of 2.25.
13. If today is Wednesday, what day of the week will it be after 27 days?
14. Find the size of angle marked n.

15. Work out: $\frac{2}{3} \div \frac{1}{3}$

16. In a class of 30 pupils, 8 pupils like both subjects x pupil like Maths only and 18 pupils like Science (S)

a) Complete the Venn diagram below

- b) Find the value of X
c) Find the number of pupils who like one subject
d) Find the probability of choosing a pupil at random who likes;
i) Science only.
ii) Both subjects
17. Write the Hindu Arabic numerals for the following
- a) MMDLXXVII
b) CMLXXIX
c) MCMLXIV
d) MMDCXXX

SHALOM PRIMARY SCHOOL

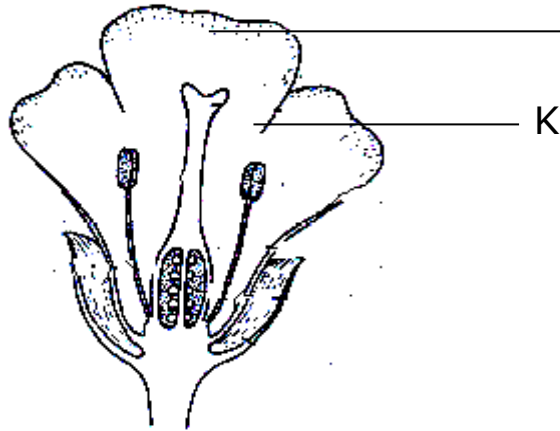

P.6 TERM 2020

WEEK IV

SCIENCE

1. Name the component of air used in a fire extinguishing equipment.
2. How is a bat different from a hen in their way of reproduction?
3. Which communicable disease is prevented through the use of PIASCY message in schools?
4. Why should Mr. Ddabuliwo Abdallah, the games teacher include a stretcher on the list of requirements during any games and sports activity?
5. Name one animal fibre?

The diagram below is of a flower. Study and use it to answer questions 6 and 7.

6. part labelled K and that of part labelled L?

What is the difference in the function of

7. part from which a fruit develops.

Use an arrow with letter P to show the

8. travel fastest?

In which state of matter does sound

9. the soil?

How does mulching preserve moisture in

10. What is leaching?

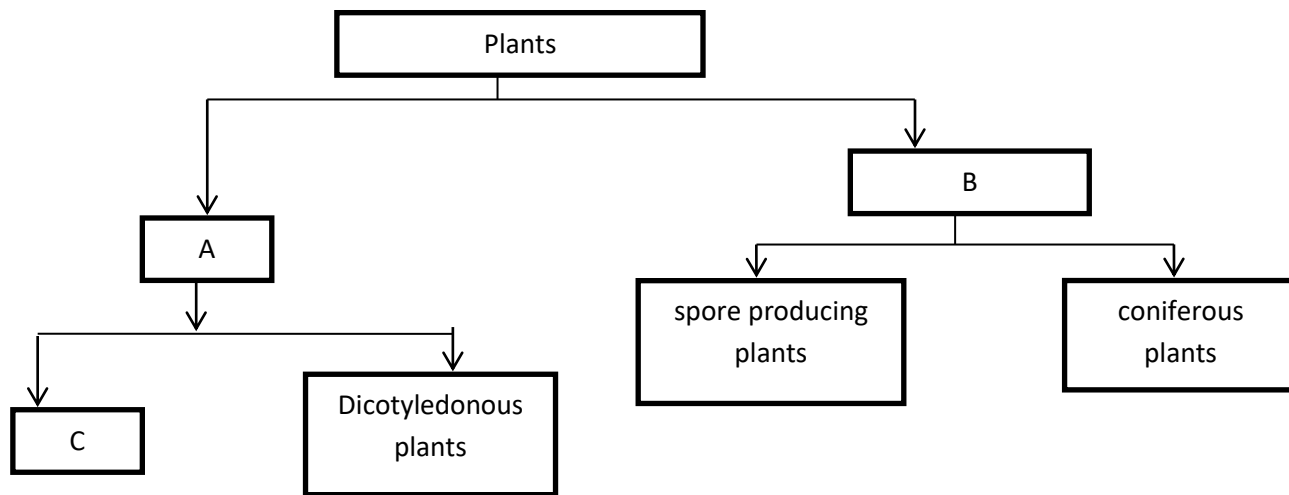

The diagram below shows beak of a bird. Study and use it to answer questions 11 and 12.

- 11 What does the bird with the beak shown above feed on?
- 12 How is the bird's beak above suited for its function?
- 13 Which blood component is affected by haemophilia disease?

- 14 State any one factor that affects the rate of evaporation.
- 15 . a) How is the heart important in the human body?
 b) Identify one substance transported by blood plasma.
 c) Why is the left ventricle thicker than the right ventricle?
 d) Give any one disease of the circulatory system.
- 16 a) Which type of bee performs each of the following roles in a beehive?
 i) Mates the queen
 ii) Makes honey
 b) State the effect of dampness in a beehive.
 c) What food value is present in honey?

17 . The diagram below shows plant classification. Study it carefully and use it to answer questions that follow.

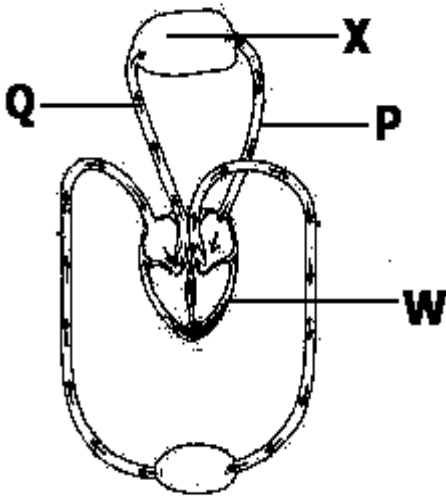

- a) Name the group of plants shown by each of the letters
 i)A ii)B iii)C
- b) Mention one spore producing plant.
- 18 Match the list of animals with their defence mechanism correctly

Animals	Defence mechanisms
i) Bedbug	coils itself when touched
ii) Chameleon	uses prickly hair
iii) Caterpillar	Changes its colour
iv) Millipede	Produces bad smell when touched.

- i) Bedbug _____
- ii) Chameleon _____
- iii) Caterpillar _____
- iv) Millipede _____

19. The diagram below shows blood circulation in the body. Use it to answer the questions that follow.

- (a) Name vessel marked P.
 - (b) What role is played by the chamber marked W of the heart?
 - (c) Why does blood move to organ X?
 - (d) How is the heart adapted to preventing the back flow of blood?
- 20 (a). Name the immunisable disease that causes the following;
- (i) Stiffness of muscles
 - (ii) paralysis of the limbs
- (b) How is the BCG vaccine administered?
- (c) Why is BCG vaccine important to children?
- 21 (a) Name two exotic breeds of rabbits.
- (b) Why is it necessary to keep rabbits in a hutch?
- 22 (a) Why is it necessary to give first aid?
- (b) State any one cause of accidents.
- (c) Mention any common accident that takes place at school.
- (d) State any one quality of a good first aider.
23. (a) Define the following terms:
- i) solute
 - ii) solution
- (b) How can you recover the solute from a solution?
- (c) Why do solutes disappear in solvents after stirring?
- 24 (a) How are the following parts in the ear important?
- (i) pinna
 - (ii) cochlea
- (b) What danger can be caused by the accumulation of wax in the ear?
- (c) Why are we warned against pushing sharp objects in the ear?

9. Why do people in Bundibugyo rear donkeys?
10. State one reason why the government of Uganda is creating more districts.
12. Give one main activity carried out in the drier areas of Uganda.
13. Write any one economic importance of lakes to people.
14. Give one way democracy is practiced in schools.
15. Why should a Stevenson screen be built with louvres?
16. What do you understand by the term planted vegetation?
17. How is a class timetable important to the learners?
18. Which Stone Age site in Uganda is well known for rock paintings?
19. Which side of a mountain receives little rainfall?
20. How does altitude influence climate?
21. Write one product got from limestone.
22. Name the line of longitude marked 0
23. Which social service is provided by teachers?
24. a) Give one importance of economic activities to people.
b) Mention any two economic activities done by the people in Uganda.
c) Give one problem faced by people when doing their work.
25. a) Why are landlocked countries called so?
b) Mention the two landlocked countries which are neighbours Uganda.
c) State one problem faced by landlocked countries.
26. (a) What is child abuse?
(b) State any two dangers of child abuse.
(c) Give any one way of controlling child abuse.
27. (a) Name the national park located in North Eastern Uganda.
(b) Mention the nation game park that is home to mountain gorillas.
(c) What is poaching?
(d) Why does the government of Uganda set up national game parks?
28. (a) What was the main reason for the coming of explorers to Uganda?
(b) Name the Kabaka who received the first European explorer in Buganda.

- (c) Why did H. M. Stanley come to Uganda on his third journey?
 (d) Give one reason why most explorers to Uganda feared to pass through Kenya.

29. **Match list A to list B.**

List A

1894
 1900
 1962
 1995

List B

Uganda's new constitution was promulgated.
 Uganda attained independence
 Buganda agreement was signed
 Uganda became a British protectorate.

30. (a) Mention one natural factor that determines population distribution.
 (b) Give one reason why the slopes of Mt. Elgon are densely populated.
 (c) Give one way a big population is dangerous to the environment.
 (d) State any one economic advantage of a big population to a country.
31. (a) Mention any two economic activities introduced by the Bachwezi in East Africa.
 (b) Write down any two natural disasters that caused the decline of the chwezi empire.
32. (a) Name any two organs of the East African Community.
 (b) State any one way Uganda benefits from the East African community.
 (c) Write down one way Idi Amin Dada contributed to the decline of the EAC in 1977.
