

ACTIVITY

The following table shows data collected by P.7 pupils from homes of their science teachers. Study it carefully and answer the questions that follow

Names of teachers	Sanitation items			
	Latrine	Kitchen	Rubbish pit	Plate rack
Ekau	✓	✓	✓	✓
Mutuusa	×	✓	×	×
Ikorat	×	✓	×	✓
Ojoatre	×	✓	✓	✓

KEY ✓ = Present × = Absent

- What does the information collected above represent?
- Name any one disease which is most likely to attack Mutuusa's home.
- As a p.7 pupil, what advice would you give to Mr. Mutuusa in order to prevent the disease you have named above?
- Give a reason why Mr. Ekau will not suffer from the diseases that attack other teachers who lack latrines in their homes.
- Give two importance of collecting such information to the government.
