## SECTION A: 40 MARKS

1. Name the type of cloud that brings rain.  
.....
2. State any **one** way of controlling the spread of cholera in an area.  
.....  
.....
3. Write **TBAs** in full as used in health.  
.....
4. Name the component of blood affected by HIV.  
.....
5. In which part of a maize grain is food stored?  
.....

The diagram below shows a change in state of matter. Use it to answer the questions **6** and **7**.

6. What is the state of matter at **Z**?  
.....
7. Name the process by which **Z** changes back to liquid.  
.....
8. Which part of a cow is affected by mastitis disease?  
.....

9. Why are we not able to see around corners?

.....  
.....

10. How do bacteria reproduce?

.....

11. Give any **one** example of a renewable energy resource.

.....

12. Give a reason why a female anopheles mosquito does not spread HIV/AIDS.

.....  
.....

13. By what process does heat travel through gases?

.....

14. State any **one** characteristic of insects.

.....

The diagram below is of a musical instrument. Use it to answer questions **15** and **16**.

15. Name the group of musical instruments to which the instrument above belongs.

.....

16. How does the instrument above produce sound?

.....

17. What is demography?

.....  
.....

18. State the method used to find the volume of an irregular object.

.....

19. Give any **one** role of a health club in a community.

.....  
.....

20. State any **one** way of preventing diseases in goats.

.....  
.....

21. Mention one way the skin cools down the human body temperature on a hot day?

.....  
.....

22. State the best way an adolescent girl can avoid getting teenage pregnancy.

.....  
.....

23. Give any **one** life skill that children need to develop in order to safe guard themselves against drug dependence.

.....

24. State any **one** way in which the spread of tapeworms can be prevented.

.....  
.....

The diagram below shows a method of making a temporary magnet.

Study and use it to answer questions **25** and **26**.

25. Name the method shown above.

.....

26. What will be the pole at **X** after magnetization?

.....

27. How is proper personal hygiene important to an individual?

.....

.....

28. Name the type of lens used in a camera.

.....

29. Give any **one** disease that affects rabbits.

.....

30. Which type of current electricity is produced by the generator?

.....

31. Name the type of chicken kept for egg production.

.....

32. Give any **one** example of a carnivorous animal.

.....

33. How important is a health survey to the community?

.....

.....

The diagram below is of a flower. Use it to answer questions 34 and 35.

34. Name the part labelled S.

.....

35. Give the function of the part labelled R to a flower.

.....

36. Name any **one** disease of the human respiratory system.

.....

37. Identify any **one** example of essential drugs.

.....

38. How is wind formed?

.....

.....

39. Give any **one** harmful material that can be found in soil apart from metal scraps.

.....  
How can the mixture of millet flour and iron filings be separated?

### SECTION B

41. (a) What form of energy is stored in a dry cell?

.....

- (b) Name the form of energy produced by a dry cell when it is in use.

.....

- (c) Mention any two appliances which use dry cells at home.

(i) .....

(ii) .....

42. (a) State any two functions of the human skeleton.

(i) .....

(ii) .....

- (b) Name the part protected by the skull in the human body.

.....

- (c) Give any **one** health habit that helps to strengthen the human skeleton.

.....

43. (a) What is seed dispersal?

.....  
.....

(b) Give any **two** agents of seed dispersal.

(i) .....

(ii) .....

(c) State any one advantage of seed dispersal.

.....  
.....

44. The diagram below shows part of the digestive system. Study it and use it to answer the questions that follow.

(a) Name the part marked B

.....

(b) Name any one enzyme that acts on food in part D

.....  
.....

(c) Write down any two diseases that affect the above system.

(i).....

(ii).....

45. (a) State any **two** effects of heat on matter.

(i).....

.....

(ii).....

.....

(b) In which state of matter does heat travel fastest?

.....

.....

(c) What happens to the mass of a piece of paper when it is burnt?

.....

46. State the function of each of the following body organs.

(a) Skin

.....

.....

(b) Heart

.....

.....

(c) Pancreas

.....

.....

(d) Kidney

.....

47. (a) Name the class of levers to which each of the following tools belongs,

(i) a see saw

.....

(ii) a spade

.....

(b) Give any **two** ways in which friction is reduced in machines.

(i).....

(ii).....

48. The diagram below shows an experiment about rusting. Use the diagram to answer the questions that follow.

**tube P**

**tube Q**

(e) In which of the tubes will the iron nails rust after some days?

.....

(f) Why is rusting called a chemical change?

.....

.....

(g) Give **one** reason why oil was poured in container **Q**.

.....  
.....

(h) State any one effect of rusting on tools like pangas.

.....

49. (a) Name the type of immunity acquired through;

(i) Breast feeding

.....

(ii) Immunization

.....

(b) Give any **two** examples of vaccines administered to infants.

(i).....

(ii).....

50. (a) Identify the type of cattle that contributes to the development of;

(i) Milk processing industry

.....

(ii) Meat processing industry

.....

(b) Write down any two diseases that affect cattle.

(i).....

(ii).....

45. The diagram below shows the types of teeth. Use it to answer the questions that follow.

- (a) Name the type of teeth marked Y.

.....  
.....

- (b) State the function of the types of teeth labelled;

**W:** .....

**X:** .....

- (c) Identify any **one** disease of teeth.

.....  
.....

46. (a) Give any **two** examples of seeds which are first planted in a nursery bed.

(i) .....

(ii) .....

- (b) State any **two** ways of caring for seeds in a nursery bed.

(i) .....

(ii) .....

53. The table below shows classes of plants. Study and use it to answer the questions that follow.

(a) Name the class of plants represented by **X**.

.....

(b) Apart from having leaves with parallel venation, state one other characteristic of monocotyledonous plants.

.....

.....

(c) Give any one example of the plants represented by letters **Y** and **Z**;

(i) **Y**.....

(ii) **Z**.....

54. (a) What do we call the diseases caused by lack of some food values in the body?

.....  
.....

(b) Give any **two** examples of the diseases mentioned above.

(i) .....

(ii) .....

(c) Give any **one** example of food which gives us proteins.

.....

55. The diagram below shows an electric equipment. Study and use it to answer the questions that follow.

(a) Name the equipment above.

.....  
.....

• (b)How is the equipment above important in a school?

.....  
.....

(c)Name the part marked **T**

.....  
.....

(d)State the function of part **R** when the equipment is working.

.....  
.....

(Join the sentences using: .....as well as.....)

.....

.....

45. Basula did not understand the teacher. Even Mulungi did not understand the teacher. (Re-write the sentence using.....neither.....)

.....

.....

46. If you pass the examinations, I will take you abroad.  
(Re-write the sentence using..... would.....)

.....

.....

47. Drivers should not speed, should they?  
(Re-write the sentence and end .....shouldn't they?)

.....

.....

48. We wrote the teacher's work and then handed in the books for marking.  
(Re-write the sentence beginning: Having.....)

.....

.....

49. David said don't break that cup.  
(Re-write and punctuate the sentence correctly)

.....

.....

50. What is the price of an apple?  
(Re-write the sentence beginning: How much .....?)

.....

.....

**SECTION B: 50 MARKS**  
(Questions 51 to 55 carry 10 marks each)

**51. Read the passage below and answer in full sentences the questions that follow.**

Mother drops my sisters and I at school and later picks us every day.

One evening, I was going back home from school with my mother and my two sisters when we saw an accident near Hotel African. A speeding taxi which was heading for Jinja had knocked down a motorcyclist who was joining the main road at the roundabout.

The motorcyclist had his legs broken and the passengers in the taxi sustained serious injuries. The motorcycle was damaged beyond repair and the taxi windscreen was completely smashed. My mother parked the car and within a short time, there was a big crowd. The driver of the taxi had taken off and the conductor ran to Jinja Road Police station to report the matter.

In 10 minutes, traffic police officers had arrived and an ambulance was called. The casualties were taken to the hospital for treatment. The people around tried very much to assist by removing the wreckage from the middle of the road. Later, a breakdown towed the taxi to Kampala Road Police Station.

I really feared because I had never witnessed such an accident. People should try to be very careful when using the road because this accident could have been avoided if the motorcyclist had been more careful.

**1. What is the passage about?**

.....

.....

**2. Where was the writer going when he saw an accident?**

.....

.....

3. Where was the taxi going?

.....

.....

4. Who was driving the car in which the writer was travelling?

.....

.....

5. Who reported the accident according to the police?

.....

.....

6. To which police station was the matter reported?

.....

.....

7. How long did the police take to reach the scene?

.....

.....

8. What do you think caused this accident?

.....

.....

9. Who collects money in a taxi?

.....

.....

10. Suggest a suitable title to this passage.

.....

- They become very happy and make some noise.
- When the winners are declared
- The secretary reads out the number of points for each side.
- The side with the more points is then declared winners by the secretary.
- But the better side will always win.
- These arguments need very good opposers and proposers.
- It is interesting because it is full of fun during hot arguments.
- This is one of the most interesting activities in school.
- Our school usually organizes debates.

[illegible]

53. Read the notice below and answer, in full sentences, the questions that follow.

**KATWE SCHOOL OF THE DEAF,**

**P.O.BOX 9876,**

**KASESE**

MISSING THE END OF TERM EXAMINATION.

**HEAD TEACHER**

**08/10/2013**

### Questions

1. What is the notice about?

.....

.....

2. Who wrote the notice above?

.....

.....

3. What is the deadline for pupils who have not cleared school fees?

.....

.....

4. According to the notice, what are the parents asked to do?

.....

.....

5. Who is this information intended for?

.....

.....

6. When was the notice written?

.....

.....

7. What advice do you give to the parents mentioned in the notice?

.....

.....

8. Why should these parents clear their children's school fees in time?

.....

.....

9. What may happen to pupils whose school fees will not be paid?

.....

.....

10. Where do you think this school is situated?

.....

.....

54. Read the poem below carefully and then answer, in full sentences, the questions that follow.

What a rainy season it was !  
The season of heavy rains.  
That destroyed almost everything.  
Without sparing people's lives.

What a rainy season it was!  
The season of heavy rains.  
That hit the ground severely,  
And hurt people's crops.

What a rainy season it was!  
The season of heavy rains.  
That demolished people's house  
As well as livestock, trees and other property

What a rainy season it was!  
The season of heavy rains  
That caused floods and landslides  
Which left us homeless.

Natalie Geraldine

(a) Which season is talked about in the poem?

.....  
.....

(b) What didn't the heavy rains spare?

.....  
.....

(c) How did the heavy rains hit the ground?

.....

.....

(d) What did the heavy rains do to people's crops?

.....

.....

(e) What happened to the livestock and trees?

.....

.....

(f) Apart from floods, what did the heavy rains cause?

.....

.....

(g) How was the writer of the poem affected by the heavy rains?

.....

.....

(h) Who is the writer of the poem?

.....

.....

(i) Give one word or group of words with the same meaning as the underlined words in the poem

(i) demolished.....

(ii) homeless.....

25. Why did most explorers settle at Zanzibar before entering East Africa?

.....

26. Which tax is charged on imported goods in a country?

.....

27. Why are districts of Uganda divided into sub-counties?

.....

28. Mention any one way of caring for social service centres.

.....

29. Why did the first group of foreigners come to East Africa?

.....

30. Draw the item on the Uganda Coat of Arms that represents culture.

31. Mention any one effect of the earth's revolution.

.....

32. Give any one economic contribution made by Arabs in East Africa.

.....

33. Mention any one factor which leads to high population in highlands.

34. In which one way is wind important to farmers?

35. Give one way people promote security in their homes.

For questions 36 - 40, answer Either Christianity Or Islamic but not Both.

36. Either: Who in the Bible did God ask to sacrifice his son to Him?

Or: Who in the Quran did Allah ask to sacrifice his son to Him?

37. Either: State any one way people use their talents to serve God.

Or: State any one way people use their talents to serve Allah.

38. Either: Mention any one importance of Christian symbols.

Or: Mention any one importance of Islamic symbols.

39. Either: Give one importance of forgiveness among Christians.

Or: Give any one importance of forgiveness among Moslems.

40. Either: Mention any one gospel book in the Bible.

Or: Mention any one holy book in Islam.

## SECTION B: (60 MARKS)

41. (a) Which religion did the missionaries introduce in Uganda?

.....

(b) Mention any two contributions of the missionaries in East Africa.

(i) .....

(ii) .....

(c) Give any one problem faced by the missionaries in Uganda.

.....

42. Study the map below and answer questions that follow.

(a) Name the member of East African Community marked P.

.....

(b) Use letter M, to locate the swampiest lake on the sketch map.

(c) How was lake marked V formed?

.....

(d) Name one economic activity carried out on water body marked X.

.....

43. (a) Write IBEACO in full.

.....

(b) State any two reasons why IBEACO was formed.

(i) .....

(ii) .....

(c) How was IBEACO important to missionaries in East Africa?

.....

44. (a) Mention any two tourist attractions in East Africa.

(i) .....

(ii) .....

(b) Give any two ways the tourism industry is important to the people of East Africa

(i) .....

(ii) .....

45. Use the diagrams below to answer the questions.

(a) Name the type of budget shown in diagram A.

.....

(b) State any one advantage of the type of budget shown in B.

.....

(c) Mention two reasons why people should prepare a budget.

i) .....

ii) .....

46. (a) Why was the 1900 Buganda signed?

.....

(b) Mention any two terms of the 1900 Buganda agreement.

(i) .....

(ii) .....

(c) Apart from signing agreements, mention any other way colonialists acquired colonies in East Africa.

.....

47. Match the elements in list A with their uses in list B correctly.

| List A       | List B                    |
|--------------|---------------------------|
| a) copper    | - manufacture of glasses. |
| b) soda ash  | - manufacture cement.     |
| c) limestone | - artificial fertilizers. |
| d) phosphate | - making bullet shells.   |

(a) Copper .....

(b) Soda ash .....

(c) Limestone .....

(d) Phosphate .....

48. (a) Name any one source of craft materials.

.....

(b) Write any one example of crafts used in a home.

.....

(c) Write any two uses of crafts.

(i) .....

(ii) .....

49. (a) What type of climate is experienced in areas along the equator?

.....

b) Why do areas along the equator receive heavy rainfall?

.....

c) Give one factor that influences climate along the equator.

.....

d) Mention any one economic activity carried out in areas that receive rainfall throughout the year.

.....

50. a) Give any one example of planted vegetation besides planted forests

.....

b) State any two characteristics of planted forests.

i) .....

ii) .....

c) How does vegetation support the health sector?

.....

For questions 51 – 51, answer either Christianity or Islam but not both.

51. Either: a) What is faith?

.....  
.....

(b) Give any two practices that can strengthen faith among Christians.

(i) .....

(ii) .....

(c) Name one person in the Bible who had strong faith in God.

.....

Or: (a) What is faith?

.....  
.....

(b) Give any two practices that promote faith among Muslims.

(i) .....

(ii) .....

(c) Name one person in the Qur'an who had strong faith in Allah.

.....

52. Either: a) Mention any two types of prayers in Christianity.

(i) .....

(ii) .....

(b) Give any two importance of prayers to Christians.

(i) .....

(ii) .....

**Or:** a) Mention the two types of prayers in Islam.

(i) .....

(ii) .....

(b) Give any two importance of prayers to a Moslem.

(i) .....

(ii) .....

**53. Either:** a) Name the day when the Apostles of Jesus received the Holy Spirit.

.....

(b) Mention any two symbols of the Holy Spirit.

(i) .....

(ii) .....

(c) State any one way the Holy Spirit is important to a Christian.

.....

**Or:** a) Mention any two pillars of faith in Islam.

(i) .....

(ii) .....

(b) Which pillar initiates one to Islam?

.....

(c) Why should a good Muslim observe the pillars of Islam?

.....

**54. Either: a) Give any two qualities of a good friend.**

(i) .....

(ii) .....

**(b) Mention two ways Jesus acted as a good friend.**

(i) .....

(ii) .....

**Or: (a) Give any two qualities of a good friend.**

(i) .....

(ii) .....

**(b) Write two ways in which Prophet Isa acted as a good friend.**

(i) .....

(ii) .....

**55. Either: a) What bad decisions did the following people make in Jesus' life?**

i) Simon Peter .....

ii) Judas Iscariot .....

**b) State any two benefits of making good decisions.**

(i) .....

(ii) .....

Or: (a) What bad decisions did the following people make in prophet  
Isa's ministry?

i) Yunus

.....

ii) Abu Talib

.....

(b) State any two benefits of making good decisions.

i) .....

ii) .....

HILLSIDE PRIMARY SCHOOL  
**PRE-PRIMARY LEAVING EXAMINATIONS**

**2022**

**MATHEMATICS (SET THREE)**

*Time Allowed: 2 Hours 30 Minutes*

**Index No.**

| Random No. |  |  |  |  |  | Personal No. |  |  |
|------------|--|--|--|--|--|--------------|--|--|
|            |  |  |  |  |  |              |  |  |

**Candidate's Name**.....**Stream**.....

**Candidate's Signature**.....

**EMIS No.**.....

**District Name**.....

**Read the following instructions carefully:**

1. The paper has **two** sections: **A** and **B**.  
Section A has 20 questions and Section B has 12 questions
2. Answer **all** questions. All answers to both sections **A** and **B** must be written in the spaces provided.
3. **All** working must be done using a blue or black ball-point pen or fountain pen. Any work written in pencil other than graphs and diagrams will not be marked
4. No calculators are allowed in the examination room.
5. Unnecessary changes in work may lead to loss of marks. Any handwriting that cannot easily be read may lead to loss of marks.
6. Do not fill anything in boxes indicated: **"For Examiners' Use Only"** and those inside the paper.

| FOR EXAMINERS' USE ONLY |       |          |
|-------------------------|-------|----------|
| Qn. No.                 | MARKS | EXRS' NO |
| 1- 5                    |       |          |
| 6- 10                   |       |          |
| 11- 15                  |       |          |
| 16- 20                  |       |          |
| 21- 22                  |       |          |
| 23- 24                  |       |          |
| 25- 26                  |       |          |
| 27- 28                  |       |          |
| 29- 30                  |       |          |
| 31- 32                  |       |          |
| TOTAL                   |       |          |

SECTION A (40 Marks)

1. Work out:  $94 - 45$

2. Write in figures: **Eighty six thousand, ten**

3. Simplify  $13x - 2(3x + 4)$

4. Given that set  $K = \{h, m, y, z\}$ , find the number of subsets in set  $k$

5. Work out:  $-8 - -3$  on the number line below.

6. Find the sum of the 4<sup>th</sup> and 9<sup>th</sup> prime numbers

7. Work out:  $\frac{12}{15} \div \frac{3}{5}$

8. A birthday party ended at 1:30p.m after lasting  $1\frac{3}{4}$  hours. At what time did the party start?

9. How many lines of folding symmetry in the figure below?

10. A trader sold a pair of shoes at 44,800 making a profit of sh.1,800.  
What was the cost price of the pair of shoes?

11. In a car park there are 288 cars. The probability that a car picked at random from the park is BMW is  $\frac{5}{8}$ . How many cars are not BMW type?

12. How many packets of 250 grams can be got from 3.5 kilograms of salt?

13. Given that  $a = -2$ ,  $b = -3$  and  $c = 4$ , find the value of  $b(a^2 + c)$

14. Work out:  $111_{\text{two}} \times 11_{\text{two}}$

15. Find size of angle  $p$  the figure below.

16. Factorise completely:  $8ab^2 - 12ab$

17. Find the median of the numbers: 8, 10, 4, 1, 6 and 9.
18. Wise has cows and rabbits in the ratio of 3:5. If he has 24 more rabbits than cows, how many sheep does he have?
19. A can was  $\frac{3}{4}$  full of water. When 9 litres were removed, it became  $\frac{1}{4}$  full. What is the capacity of the can?
20. Find the square root of 1.21

**SECTION B: (60 Marks)**

21. In a class, 31 pupils play tennis (T) and  $(d + 5)$  play volley ball (V) only.  $d$  pupils play both games while 3 play neither of the games.

a) Use the above information to complete the Venn diagram below.  
(2marks)

- b) If 23 pupils play volley ball altogether, find the value of  $d$ .  
(3marks)

22. a) What number has been expanded below? (3marks)  
 $(7 \times 10^2) + (2 \times 10^{-1}) + (5 \times 10^0) + (3 \times 10^{-2})$

- b) Work out  $(9.7 \times 64) - (9.7 \times 14)$  (2marks)

23. The table below shows the rate at which different currencies were sold and bought in a commercial bank. Use it to answer the questions that follow.

| Currency          | Buying in Ug. Sh. | Selling in Ug. Sh. |
|-------------------|-------------------|--------------------|
| 1 US dollar ( \$) | 3,600             | 3,650              |
| 1Euro             | 4,100             | 4,250              |
| 1Rwandese franc   | 4.0               | 5.0                |

- a) How many Euros can Paul get for Ug.Sh.1,020,000?  
(2marks)

- b) Alex came from Rwanda with 365,000 Rwanda Francs and exchange them for US dollar. How many US dollars did she get from the bank?  
(3marks)

24. Betty filled container A below with drinking water, she served visitors with the water using cups of size B shown in the diagram. Find the total number of full cups of water she served the visitors (use  $\pi = \frac{22}{7}$ ) (6marks)

25. A fruit seller sold the following number of mangoes in six day: **60, 35, 40, 28, 42** and **35**.

a) What is the modal number of mangoes sold? (1mark)

b) Work out the mean number of mangoes sold. (2marks)

- c) By the end of the seventh day, the mean number of mangoes sold was **45**. How many mangoes were sold on the seventh day?  
(2marks)

26. In the figure below line AB is parallel to CD, angle CTV =  $44^\circ$  and angle TQR =  $56^\circ$ . **Study and use it to answer the questions that follow.**

Find the size of;

- a) angle k

(2marks)

- b) angle g.

(2marks)

27. The table below shows how a motor cyclist travelled from town A through towns B and C to town D. Study and use it to answer the question below.

| Town | Arrival   | Departure |
|------|-----------|-----------|
| A    |           | 7:30 a.m  |
| B    | 8:50 a.m  | 9:00 a.m  |
| C    | 10:30 a.m | 10:45a.m  |
| D    | 1:00 p.m  |           |

- a) How long motor cyclist stay at town C? (1mark)
- b) Find time the motor cyclist took to travel from town A to town D (2marks)
- c) If the distance from town A to town D is 264km, calculate the average speed of the motor cyclist for the whole journey. (2marks)

28. After selling a radio at sh.72,000, a trader made a loss of 10%  
a) Find the cost price of the radio. (3marks)

- b) At what price must the trader sell the radio in order to make a profit of  $12\frac{1}{2}\%$  ? (3marks)

29. Study the figure below and use it to answer the questions that follow.

- a) Calculate the area of the figure. (3marks)

- b) Work out of the perimeter of the figure. (3marks)

29. Study the figure below and use it to answer the questions that follow.

- a) Calculate the area of the figure. (3marks)

- b) Work out of the perimeter of the figure. (3marks)

30. Two taps P and Q are connected to water tank. Tap P can fill the tank in 3 hours while Q can empty in 4 hours, one day when the tank was  $\frac{1}{6}$  full of water, the taps were opened at the same time. How long did it take to fill the tank? (4marks)

31. A rubber costs a third as much as a book. A book costs sh.1200 more than a pen. If the total cost of the three items is shs.7, 900, find the cost of the pen.

(4marks)

32. Town P is 55km East of town G and town A is 70km from town G on a bearing of  $225^\circ$

- a) Using scale of 1cm represents 10km draw an accurate diagram to show the three towns.

(10 marks)

13. Find the bearing airport B from airport A. (1 mark)

END
