## **VERBS AND TENSES**

A tense is a time of action supported by verbs.

We have three classes of tenses but they are subdivided into more subdivisions.

- The present tense
- The past tense
- The future tense

## **THE PRESENT TENSE**

This is sub-divided into four other tenses.

- The present simple tense
- The present continuous tense
- The present perfect tense
- The present perfect continuous tense

### **The Present Simple Tense**

It is sometimes called the everyday tense.

It is formed by having the verbs in infinitive or present form and it uses the following adverbial phrases (adverbs of frequency) rarely, always, seldom, often, sometimes, usually, monthly, every....., daily, twice etc.

The subject should agree with the verb in terms of number (singular and plural).

### **Agreement of subjects with verbs in sentences (concord in the present simple tense)**

This means harmony of the subject with the verb in the present simple tense.

- If the subject is singular, the verb is also singular.

#### **Examples**

**Majoline** washes **plates** daily.

**He** often **writes** well.

The **girl** **carries** a basket every morning.

Letters – **s**, **es** and **ies** are added to the verb to make it singular.

- If the subject is in plural, the verb must also be in plural.  
**They** often **write** well.  
**Cats** **lie** on the mat daily.  
**Children** **dirty** their clothes daily.
- A subject may either be a noun or a pronoun.  
Letters **–s, es** and **ies** are not added in order to make the verb singular.

### Note

- **Pronoun *I* takes a plural verb**  
I wake up early every morning.  
I run to school daily.
- **It also takes auxiliary verb am.**

### Example

I am very weak today.

- **Pronoun *you* uses plural verbs.**

### Examples

Rose, you are late today.

Do you agree to that proposal, girls?

**Use the table below to write grammatically correct sentences.**

he		
we		
she		
it		
they	eat	bones
I	drink	water
you	eats	a car
cat	drinks	mice
dog	drive	cars
	drives	

### **The present continuous tense**

It is sometimes referred to as the **now tense** or the **present progressive tense**.

It is used to show actions taking place or happening or being performed at the moment.

Time adverbs used are, now, at the moment etc.

“**is**” is used with singular subjects and -ing is added to the main verb.

“**are**” is used with plural subjects and -ing is added to the main verb.

“**I**” takes “**am**” and -ing is added to the main verb.

we they you Kate and Joseph dogs	are	lying  dyeing	to the teacher  on their beds  a big bone
she he it Jane	is	biting  going	a friendly letter their hair now

<i><u>perfect continuous</u></i>	Peter has been dirtying plates	Peter had been dirtying plates	Peter will have been dirtying plates

### VOICES

There are two voices in English language; active and passive voices.

### **Active voice**

This is when the subject of the sentence is the doer of the action.  
In this case the performer / doer is mentioned first, followed by the action (verb) and then followed by the object (the person / thing receiving the action)

#### **Moses writes letters.**

Moses is the subject (doer of the action), write is the verb (action), letters is the object.

### **Passive voice**

This is when the subject does not do or cause the action but is affected by it.

#### **Letters are written by Moses.**

##### **Note the following:**

A sentence to be changed from active to passive must have both a subject and an object.

**He usually comes late. (This sentence cannot be changed because it does not have an object)**

When using the indefinite pronouns or nouns like we, you, someone, somebody, everybody, everyone, no one, nobody, something, nothing, one, people, a person drop the indefinite pronoun or noun in the passive.

### **example**

People eat matooke every day. (active)

**Matooke is eaten every day. (passive)**

Pronouns change when changing from active to passive.

<b>Subject / nominative</b>	<b>Object / Objective</b>
---------------------------------	---------------------------

I	me
we	us

### **CONDITIONAL SENTENCES / IF CLAUSES**

These sentences are used to show an event or activity that will / would take place if a certain condition is fulfilled.

Conditions sentences are only in four kinds, but below are the three common ones;

**the open / likely condition (if 1)**

**the unlikely condition (if 2)**

**the rejected / unfulfilled condition (if 3)**

All the above if clauses have two parts;

- The main clause (the conditional clause)
- The minor clause (the if clause)

#### **Note:**

If the minor clause starts the sentence, a comma is put in the middle to separate the two clauses.

If the main clause starts the sentence, a comma is dropped and replaced by if.

#### **The open / likely condition (if 1)**

It is constructed with;

- Minor clause takes the present simple.
- Main clause takes the future simple (present)

#### **Examples**

If I go to Kenya, will see Kenyans.

**I will see Kenyans if I go to Kenya.**

#### **Note**

For the results (seeing the Kenyan to be fulfilled or happen, the condition (going to Kenya) must be fulfilled first. Therefore, there is time for the condition to be fulfilled and it is likely and open.

- My getting money, my going to Kampala.

**If I get money, I will go to Kampala.**

**I will go to Kampala if I get money.**

### **The unlikely condition (if 2)**

It is constructed with;

- Minor clause (if clause) takes the past simple.
- Main clause takes the future simple(past), commonly known as the “would clause”

### **Examples**

- If I went to Kenya, I would see the Kenyans.
- I would see the Kenyans if I went to Kenya.

### **Note;**

The speaker may have some hope in his wish, but it is unlikely to a certain extent that it may happen.

The speaker may hope to go to Kenya, but he did not go and he did not see the Kenyans, though he has not totally given up.

- **Ways of expressing a condition or a wish which is practically impossible to fulfill in if 2**

*If I were a monkey, I would climb all trees.*

*If I were God, I would forgive all sinners.*

All the above wishes or conditions are practically impossible to be fulfilled because no one can be either a monkey or God. To show and emphasize the impossibility, a verb were with singular pronouns and nouns is used in a **subjunctive mood**.

- **With things / conditions that are practically possible “were” is not used.**

If my mother *was* a teacher, she would teach well.

**She is not a teacher right now, but it is possible for her to be a teacher in future.**

- **Another way of setting if 2 clause;**

I **cannot** go to Kenya. I **do not** have money.

If I had money, I would go to Kenya.

I would go to Kenya if I had money.

### **Activity**

**Change the following to if 2.**

1. If Jane cries, she will not go to school
2. Won't he lose his job if he doesn't succeed?
3. The lady cannot drive the car. she will not go to Kazo.
4. I do not understand English. I will not go to US.
5. She will fail if she listens to her friend.
6. My brother being a cat. His eating all rats.
7. If you invite the Pope, he will come.
8. I won't pass if I don't stop asking funny questions.
9. I am not a horse. I can't eat grass.
10. I am not my father. I cannot marry many wives.

### **The Rejected or Unfulfilled Condition (if 3)**

It is used to indicate that the condition was never fulfilled so there was no result.

It is constructed with;

- Minor clause takes past perfect
- Main clause takes conditional perfect (would have)

### **example**

If I had gone to Kenya, I would have seen Kenyans.

**The speaker did not go to Kenya and therefore he did not see the Kenya.**

If 3 can also be constructed without using if.

Had I gone to Kenya, I would have seen Kenyans.

I would have seen Kenyans had I gone to Kenya.

### **Another way of setting if 3 clause**

I **did not** go to Masaka. I **did not** have money on me.

If I had had money on me, I would have gone to Masaka

I would have gone to Masaka if I had had money on me.

Had I had money on me, I would have gone to Masaka.

I would have gone to Masaka if I had had money on me.

### **Changing from if 1, if 2 clause**

If 1: If Tom has money, he will buy a new car.

Tom will buy a new if he has money.

If 2: If Tom had money, he would buy a new car.

Tom would buy a new car if he had money.

If 3: If Tom had had money, he would have bought a new car.

Tom would have bought a new car if he had had money.

Had Tom had money, he would have bought a new car.

Tom would have bought a new car had he had money.

### **Change the following sentences to all possible if clauses.**

- If you wear your coat, you will be warmer than before.
- Mark will sleep well if he buys a bed.
- Your health will worsen if you don't visit the doctor.
- His being a snake, his biting all sinners.
- She did not have enough money. He did not buy a book.

**Fill in the blank spaces with the suitable form of the verb according to the if clauses.**

- IfI \_\_\_\_\_ God, I would save all sinners. (was)
- Had he died in the accident, Martin \_\_\_\_\_ continued studying. (will)
- If Peter had \_\_\_\_\_ on his bed, he would not have got involved in the car accident. (lie)
- Ken would have \_\_\_\_\_ if he had not been on the school bus. (hide)
- Jane \_\_\_\_\_ if she had revised her notes. (excel)

### **Replacing “if” with “unless”**

- Unless simply means.....if.....not.....
- It is a negative word and it is not used with any negative word in the same clause.
- It is written as one word.

### **Summary of rule**

- If there is a negative word in the ifclause, the negative is eliminated.

### **examples**

If he doesn't pay, we shall take his car.

Unless he pays, we shall take his car.

We shall take his car unless he pays.

- If there is a negative word in the main clause, it is eliminated.

### **example**

If Mark works well, he will not be terminated.

Unless Mark works well, he will be terminated.

Mark will be terminated unless he works well.

- If there is a negative word in the main clause, it is eliminated

### **example**

If you don't pay attention, you will not pass exams.

Unless you pay attention, you will not pass exams.

You will not pass exams unless you pay attention.

- Where there isn't any negative in both clauses, create / introduce one in the main clause.

### **example**

If Jane eats fish, she will have proteins.

Unless Jane eat fish, she will not have proteins.

Jane will not have proteins unless she eats fish

- Where there is an indirect negative word, we use opposites.

If Derrick failed examinations, he would not go to his first choice school.

Unless Derrick passed exams, he would not go to his first choice school.

Derrick would not go to his first choice school unless he passed the exams.

### **Activity**

**Rewrite the following sentences as instructed from the brackets.**

- If you dance at the party, the bride will be happy. (Begin: Unless.....)
- Unless you apologize, the teacher won't forgive you. (Begin: Unless.....)
- If you misbehave, I won't help you. (Join using ..... unless .....)
- If Jane failed exams, she would repeat Primary Two. (Begin: Unless.....)
- I did not go to Rome because I did not have enough money. (Begin: Unless.....)

- Peter passed PLE since he is in Trinity College. (Use.....would have been.....)
- I cannot sit for PLE since I do not have an identity card. (Use: Unless.....)

### The usage of;

..... **must/should**..... **or else** .....

..... **provided (that)** .....

..... **on condition that** .....

..... **only when** .....

.....**only if** .....

### Examples

1. You should write well. If not, your book will not be marked.
2. You **must/should** write well **or else** your book will not be marked.
3. Your book will be marked **provided** (that) you write well.

## SPEECHES

### **Direct and indirect (reported) speeches**

#### **Direct Speech**

This refers to the use of speaker's actual words by quoting directly by another person (reporter)

It is made up of two parts.

- the speech tag
- the actual words

### **How to punctuate direct speech sentences**

- Quotation marks are used as speech marks) (“ ” )
- A comma is used to separate the speech tag from the actual words in the quotation marks.
- An exclamation mark is used if it is an exclamatory sentence or a question mark if it is an interrogative sentence instead of a comma.
- The beginning actual words always begin with a capital letter.
- The exact tense used by the speaker is reported / quoted.
- A full stop is always put before the closing quotation marks.

### **Position of the speech tag in direct speech sentences and their punctuation.**

- **At the beginning**

Adrian said, “come and and join us at the party.”

Rose asked, “Have you had lunch yet?”

He exclaimed, “Whataninterestingbookthis is!”

- **At the end**

“Come and join us at the party,” said Adrian.

“Have you got enough food?” Rose asked.

“What an ugly woman this is!” he claimed.

- **In an interrupted speech**

“come and,” said Adrian, “join us at the party.”

“The dumb,” said the florist, “stole my flowers.”

The dead man,” said Bob, “was my friend. ”

“Joan,” said John” is a beautiful girl.”

- **Involving requests or commands**

“Sit down, you stubborn driver, “said the police woman.

"Please, bring that kettle to me," said the cook.

"Joseph, meet my sister, Joan," said Mark.

**Punctuate the following sentences correctly.**

**Indirect Speech / Reported Speech**

It is made up of three parts;

- the speech tag
- the conjunction (the ....)
- the said words in the past tense

### How to punctuate indirect speech sentences

- Apart from the capital letter at the beginning of the sentence and the full stop at the end of the sentences, the other punctuation marks in the direct speech are dropped in the indirect speech.
- In most cases it uses conjunction “that” to connect the speech tag to the actual words.
- While changing the actual words of the speaker (direct speech) to words we use to report what has been said (indirect speech) there are various changes and rules we have to abide by.
- The table below shows some adverb, pronoun and verb changes.

Direct	indirect

### **Reporting Questions**

To change a question from direct to indirect speech;

- the statement order (subject + verb) is used instead of the question order (verb + subject)
- the questions mark is dropped,
- questions not beginning with an interrogative word like when, what requires the addition of either if or whether, but is preferable to use whether in speech.

### **Using auxiliary/ helping / modal verbs**

#### **examples**

is, are, was, were, has, have, had, do, does, did, will,  
would, shall, should, may, might, can, could, etc.

“Have the pupils had their meals?” asked the cook.

**The cook wanted to know if the pupils had had their meals.**

Cate inquired, “Is your daughter seriously sick?”

**Cate wanted to know if my daughter was seriously sick.**

### **Using interrogative words**

who, whom, which, what, which, where, why, how etc.

- The interrogative word is brought back in the changed sentence.
- No conjunction is used in the changed sentence.

#### **examples**

- “Who ate the baby’s food?” asked Joel.

**Joel wanted to know who had eaten the baby's food.**

- "Which book are those boys talking about?" asked Jacob

**Jacob wanted to know the book which the boys were talking about.**

- "Who ate the baby's food, Peter?" asked the cook.

**The cook wanted to know from Peter who had eaten the baby's food.**

## **REPORTING COMMANDS / INSTRUCTIONS AND ORDERS**

The verb in the indirect speech takes the preposition *to* making it change from an imperative to an infinitive.

- **Positive commands**

**Said** changes to **told**.

**Ordered** is used in commands and orders as the reporting verb.

**example**

- "Sit down," said the teacher to the pupils.

**The teacher told the pupils to sit down.**

- "Jane, go away from my place," said Ruth.

**Ruth ordered Jane to go away from her place.**

**Ruth told Jane to go away from her place.**

- "Do it at once," said the policeman to the suspect

**The policeman told the suspect to do it at once.**

- **Negative commands**

The nurse said, "Don't come here late."

**The nurse told us not to go there late.**

## **Reporting Exclamations**

We need to use an expression which will give the idea of the original sentence when we express an exclamation in indirect speech.

**Commonly used reporting verbs**

Surprised at, wondered, moved by, exclaimed etc.

"How dangerous this lion is!" wondered Moas.

**Moas wondered how dangerous that lion was.**

**Reporting speeches containing not only statement  
example**

"I am going to London. Have you ever gone there?" he asked.

**He said that he was going to London and asked me if I had ever gone there.**

**Note: More than one reporting verbs shall be necessary if a speech contains not only a statement but also a question, a command or an exclamation.**

**Change in modal verb "Must"**

**Must changes to;**

**had to** if used for the actual present indirect speech

**example**

"Jane must write a friendly letter," said the teacher.

**The teacher said that Jane had to write a friendly letter.**

**Would have to** if it is used for the future in direct speech.

"Rose must go to Kampala next week," he said.

**He said that Rose would have to go to Kampala the following.**

**Reporting facts**

When facts are reported, the tense in which the fact is stated does not change.

**examples**

The teacher said, "The sun rises in the East."

**The teacher said that the sun rises in the East.**

The navigator said, "The Nile flows towards the North."

**The navigator said that the Nile flows towards the North.**

### **Present simple speech tags**

When a sentence has a present simple speech tag, the tense does not change when reported.

### **example**

The driver says, "I drive my son to school daily."

**The driver says that he drives his son to school daily.**

## **QUESTION TAGS**

## Defining and non-defining relative clauses

### Defining relative clauses

These are clauses which are required to define the main clause when the subject of the main clause is not clear.

These clauses tell us which person or thing the speaker means and help us to identify the unclear noun being referred to.

**No comma is used when joining these clauses.**

**The subjects of the main clauses are always not clear .**

### **examples**

That is the tree which fell at night.

There is the lady whose husband died yesterday.

Julie is the woman who invited us at the party.

Where is the tank which the plumber brought at night?

### **DEFINING RELATIVE CLAUSES WITH PREPOSITIONS**

When dealing with these clauses, we should avoid repetition of the prepositions.

**Examples of relative pronouns preceded by prepositions.**

-to whom                      -with whom                      -for whom                      -about whom - in which  
etc.

- We walked with an old. She was an American.  
The old woman with whom we walked was an American.
- Ruth told me about the crippled. He is dead.  
The crippled about whom Ruth told me is dead .
- The tank was empty. John slept inside it.  
The tank in which John slept was empty.
- I can't recall the address of the school. I am writing to.  
I can't recall the address of the school to which I am writing.
- That is the town. Jane comes from there.  
That is the town from where Jane comes.

- This is the village. I live in it. (Use.....in which.....)

- I travelled with passengers. They were very tired. (Use.....with whom.....)
- I do not recall the boy. He lent me this money. (Rewrite and use.....from whom.....)

## NON DEFINING RELATIVE CLAUSES

These are clauses which do not define the subject but give more information about it. They do not tell us which person, thing the speaker means.

**These clauses take double commas, the main clause subjects are always clear and more information is always given.**

### examples

- The carpenter bought a toolbox. It was stolen from Jacob's workshop.  
**The toolbox, which the carpenter bought, was stolen from Jacob's workshop.**
- Kiprotich earned Uganda an international fame. He won a gold medal.  
**Kiprotich, who won a gold medal, earned Uganda an international fame**
