## PRIMARY SEVEN REVISION WORK INTEGRATED SCIENCE — SET SEVEN

| Name:  | Stream:       |  |  |  |  |  |
|--|---------------|--|--|--|--|--|
| Why are telephone wires left loose between poles?            |               |  |  |  |  |  |
| Give one breed of chicken.                                   |               |  |  |  |  |  |
| How does a drum produce sound when hit?                      |               |  |  |  |  |  |
| . How are sweets dangerous to our teeth?                     |               |  |  |  |  |  |
| 5. In which state of matter is water at 100°C?               |               |  |  |  |  |  |
| S. Name the type of tooth shown in the diagram below.        |               |  |  |  |  |  |
| 7. Name the intestinal diarrhoeal disease cause              | ed by amoeba. |  |  |  |  |  |
| 8. What is the importance of ossicles in the ear             | ?             |  |  |  |  |  |
| O. Why is heat necessary in a broader?                       |               |  |  |  |  |  |
| 0. Give one natural process in plants which uses oxygen.     |               |  |  |  |  |  |
| 1. How do amphibians like frogs help in controlling malaria? |               |  |  |  |  |  |
| 2.Write HIV in full.   |               |  |  |  |  |  |
| 13. Name the smallest unit of a living thing.                |               |  |  |  |  |  |
|  |               |  |  |  |  |  |

#### SECTION B

14. Below are diagrams of blood vessels. Use them to answer the following questions.

| Z  | Υ   |
|--|---|
|  |   |
| a) Name the type of blood vessel Z and Y   |   |
| i) Z   | ii)Y  |
| b) Give one functional difference between bloo                                       | d vessel Y and Z.                             |
| c) To which body system do blood vessels abo   | ve belong?                                    |
| 15.a) What type of skeleton do the following organ                                   | nisms posses?                                 |
| i) snail   | ii) Newt                                      |
| b) Name any one example of immovable joint in  | n the human skeleton.                         |
| c) How is the human skeleton important to circu                                      | ulatory system?                               |
| 16. Three liquids paraffin, mercury and water were allowed to settle as shown below. | put in a test tube and shaken. Then they were |
| test———————————————————————————————————  |   |
| i) Name the liquid marked B and C.   |   |
| a) B   | b) C  |
| ii) Why does liquid A settle on top?   |   |
| iii) Why does liquid C behave like that in the dia                                   | agram above?                                  |

| ii)   |
| 19. What is PBUH in full?   |
| 20. Name any one dangerous result of betraying in Christian life.                             |
|   |

Name: \_\_\_\_\_\_ Stream: \_\_\_\_\_

1. Subtract 2g + h from 2g - h.

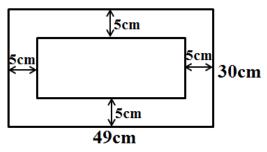

a) Calculate the volume of the cylinder.

2. Divide:  $\frac{2}{3} \div \frac{2}{9}$ 

b) Find the surface area of the cylinder.

3. The diagonals of a rhombus are 8cm and 6cm respectively. Calculate the perimeter of the rhombus.

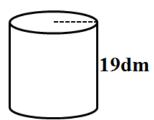

6. A rectangular room measuring 49cm along the length and 30cm along the width. A carpet is placed in the room leaving 5cm to reach the wall from all sides as shown below.

4. Write CMLXXIV in words.

a) Find the area of the carpet.

5. The diagram below shows a cylinder of radius 28dm.

b) Find the area of the room.

- c) Find the area of the room left uncovered by the carpet.
- b) If a business man had Ug.sh. 821,250, how much US dollar will he get at the same exchange rate?
- 7. The perimeter of a rectangular field is 72cm. If the length is twice the width, find the area of the field.
- 10.a) Solve: -1(k-2) = (5k-2)

- 8. In a class, there are 20% more girls than boys. If the boys are 108,
- a) Find the total number of pupils in class.
- b) Solve 2y 3(1 y) = 7

- b) How many more girls than boys are there?
- 11. Given that the mean of five consecutive positive integers is 8 and the first integer is w.
- a) Find the value of w.
- 9. At a forex bureau. 1 US dollar costs Ug.sh. 3650.
- a) How much Ug.sh. will a tourist who has US dollar 650 get?
- b) Write the five integers.
