## PRIMARY SEVEN REVISION WORK INTEGRATED SCIENCE – SET TWELVE

Name: \_\_\_\_\_ Stream: \_\_\_\_\_

1. Why should a child who has drunk poison be given plenty of milk?

The diagram below shows a common garden tool.

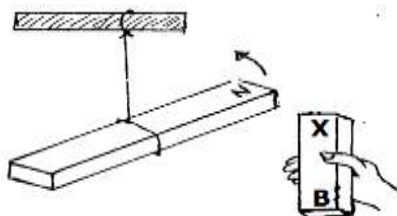

2. In which group of simple machine is the tool above found?

3. How best can you control the new castle disease on a poultry farm?

4. State one advantage of growing crops and planting trees on the same piece of land.

Use the list of organism below to construct a food chain.

5. Name the pole marked **B**.

6. How can untreated gonorrhea make a woman unable to have babies?

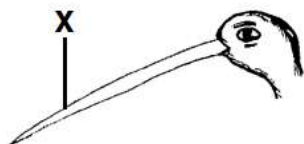

7. State the part of the human eye with the same function as the diaphragm of a camera.

8. Identify one service provided by a community health centre.

9. Why do objects weigh less in water than in air?

10. State one characteristic of images formed by a pin hole camera.

The diagram below shows a bird. Study it and answer questions 12 and 13.

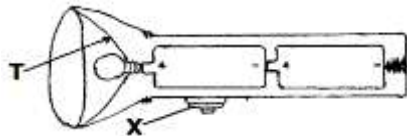

11. How is the part labeled **X** useful to the bird?

12. In which group of birds is it found?

13. Why is it difficult to separate steel pins from iron filings using a magnet?

14. State one advantage of a nuclear family.

15. The diagram below shows a torch. Study it and answer the questions below.

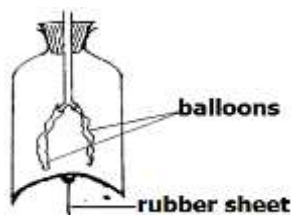

a) Name the part marked **X**.

b) What is the function of part **X** named above?

c) How is part labeled **T** useful?

d) What are the energy changes in a torch when it is in use?

16. The diagram below shows a model which shows the breathing mechanism.

a) Which breathing movement is illustrated in the diagram?

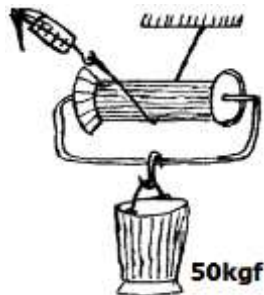

b) What do the following parts represent on your respiratory system.

i) balloons -

ii) rubber sheet -

c) What happens to the balloon when the rubber sheet is pulled down?

17. Study the diagram of a pulley and answer the questions which follow.

a) What type of pulley is shown in the diagram?

b) Use an arrow to show the direction of the effort.

c) What effort is required to lift the bucket?

### **Questions.**

a) For whom was the money paid?

\_\_\_\_\_

b) Why was the money paid according to the given information?

\_\_\_\_\_

c) Where was the money deposited?

\_\_\_\_\_

d) How many notes of fifty thousand shillings were deposited?

\_\_\_\_\_

e) When was the money deposited in the bank?

\_\_\_\_\_

f) How much money was paid as bank charges?

\_\_\_\_\_

g) Which copy of the pay-in slip is shown above?

\_\_\_\_\_

h) How much money was paid for the PLE registration without the bank charges?

\_\_\_\_\_

i) Write A/C in full.

\_\_\_\_\_

j) Who paid in the money in the bank?

\_\_\_\_\_

## PRIMARY SEVEN REVISION WORK SOCIAL STUDIES – SET TWELVE

---

Name: \_\_\_\_\_ Stream: \_\_\_\_\_

1. Give the meaning of the term "map".

---

---

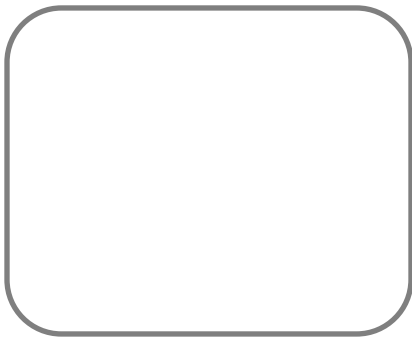

2. Name any one East African country that is not crossed by the equator.

---

3. Why are the shores of Lake Victoria densely populated?

---

4. **In the space below, draw a picture of a rain gauge.**

5. Mr. Otim grows crop and rears animals on the same piece of land. Which type of farming does he carry out?

---

6. Which ministry is responsible for all schools in Uganda?

---

7. How is weather different from climate?

---

---

8. Why did the Portuguese build Fort Jesus in Mombasa?

---

9. Give one way in which rainfall is useful to man.

---

10. How important is your school to the community around it?

---

11. Suggest one reason why Rabai Mpya is remembered in the history of Christianity.

---

12. Why is a district divided into sub-counties?

---

13. a) What do you understand by the term population distribution?

---

b) State any one advantage of a large population density.

---

c) Mention two problems caused by a large population.

i) 

---

ii) 

---

### **RELIGIOUS EDUCATION**

14. Who said "I AM WHO I AM"?

---

15. Which holy book was revealed to prophet Isa by Allah?

---

16. What name is given to the three persons in one God in Christianity?

---

17. Give the meaning of the term "Salat".

---

## PRIMARY SEVEN REVISION WORK MATHEMATICS – SET TWELVE

Name: \_\_\_\_\_ Stream: \_\_\_\_\_

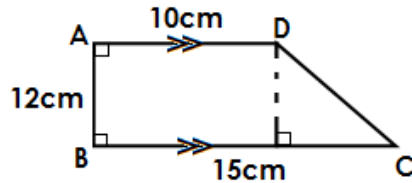

1. Write in words; 475011
2. The direction of Town A from Town B is  $S75^{\circ}W$ . What is the direction of Town B from Town A?
3. What is the least number which when divided between 16 and 18, gives remainder 3?
4. How many poles can be planted around this rectangular plot leaving a space interval of 2m apart?  

16m
5. Solve:  $\frac{3x-2}{2} = 4$
6. A dozen of pencils costs shs.1800. What is the cost of 9 pencils?
7. After selling a book at shs.2200, a boy made a profit of 10%. Calculate his cost price.
8. A die is tossed once, what is the probability that a composite number appears on top?
9. A bicycle tyre has a radius of 4cm. How many revolutions can it make to cover a distance of 264m?

10. Solve for the value of angle m.

11. Below is a trapezium, study it and answer questions that follow.

a) Calculate the area of the trapezium.

b) Find length DC.

c) Work out the perimeter of the trapezium.

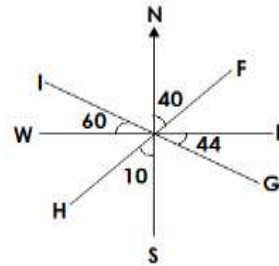

12. The interior angle of a regular polygon is  $100^\circ$  more than the exterior angle.

a) Calculate the exterior angle.

b) Calculate the number of sides of a polygon.

c) Find its interior angle sum.

13. Study the compass direction below and answer questions that follow.

a) Find the direction of;

i) F from O. \_\_\_\_\_

ii) G from O. \_\_\_\_\_

iii) H from O. \_\_\_\_\_

iv) I from O. \_\_\_\_\_

b) Find the bearing of;

i) F from O. \_\_\_\_\_

ii) G from O. \_\_\_\_\_

iii) H from O. \_\_\_\_\_

iv) I from O. \_\_\_\_\_
