Section B

Item 4

Kanapa sub county has many educated youths ranging from 15 years to 35 years of age and lacking jobs. Every day this healthy looking youth moved to towns and trading centres. Others leave their homes for urban centres and only return on charismas or Eddi days. This youth undermine garden work and laugh at those who take part in agriculture. Most of those who move to towns engage in sports betting, hocking, and other forms of gambling. Others are accused of stealing other people's property.

Task

1. As a learner of agriculture, educate the youth in Kanapa on the various benefits of engaging in agriculture.
2. Advice this youth on opportunities or jobs they can find in agriculture.
