

MERRYLAND HIGH SCHOOLS ENTEBBE

KIGUNGU AND KATABI

S1 TERM ONE 2020 HOLIDAY WORK

GEOGRAPHY

1. Identify and make a list of all things that make up the environment around your home.
2. Categorize all the listed things into two i.e. physical and built up environment.
3. Draw a map to show the environment around your home area.
4. Identify ways through which people around your home are making use of the environment.
5. How do the activities carried out by people around your home area affect the natural environment?
6. Write a plan for caring and conserving the natural environment in your home area.
7. Your friend lost a job due to the effects of covid 19. Among the subjects she/he had studied was Geography. Write a letter advising him or her on how to use geographical knowledge and skills to earn a living.
