Read and interpret the Poem below about worship

The beauty on the earth
All created for man
In God's image
God created man
All the creatures
In man's hands He placed
He deserves the worship
The lives we have
The air we breathe
The creatures that exist
The plants that grow
The children born
All for the good of man

Glory and honour be to God
Worship Him for it pleases Him
It is a command from Him
It is our response to His love
He dethrones the enemy
It prepares us for the life to come
Worship him in thanksgiving
Worship Him in sincerity
