END OF TERM ONE EXAMINATION 2019

S.3 GEOGRAPHY 273

Paper 1

INSTRUCTION;

This paper consists of part 1 and 2.

Part 1 and 2 are compulsory.

PART ONE

1.Which type of climate is described as hot and wet.

A.Tropical climate. B.Equatorial climate. C. montane. D. Coastal Climate.

2.Which of these fish species is the largest in East Africa lakes.

A.Tilapia. B. Nile Perch. C. D.

3.Rift valley lakes are usually.

A.Deep B. Wide C. Shallow D. Swampy.

4.All these are intensive features of Volcanicity except.

A.Caldera B. Sills C. dykes D.Batholith.

5.Flamingoes in Kenya are a tourist attraction on lakes.

A. Naivasha. B. Manyara. C. Tanganyika. D. Nakuru.

6.Coral reefs in East Africa can be found at?

A. Bukoba B. Semliki. C. Tanga D. Kisumu.

7.The most common method used to preserving silver fish in East Africa is,

A.Smoking B. Sundrying C. Salting. D. Freezing.

8.Which is of the following is an example of invisible exports.

A. Tourism B. Flowers. B. Betting D. Agriculture.

9.The river which makes natural boundary between Tanzania and Mozambique is,

A. R. Semiliki B. R. Ruvuma C. R. Mobuku D. R. Nile.

10.Mountain Kilimanjaro is an example of,

A. An inselberg B. An exposed batholith C. A block mountain

D. A composite volcano.

11.Which one of the following is a coastal land form.

A. Spit B. Tarn C. Crater D. Arete

12.The main crop grown on Mobuku irrigation scheme is

A. onions B. cotton. C. Bananas D. Ground nuts.

13.The climate of East Africa highlands is highly affected by,

A. Weather B. Altitude C. Latitude D. Longitude.

14. The following are volcano mountains except.

A. Mt Kenya and longonot B. Napak, moroto and Ufipa C.
Rwenzori,Usambara D.Kilimanjaro,mufumbiro

15.Most of the lakes in East Africa were formed by.

A. Faulting B. Down warping C. Larva dammed D. Crater lakes.

16.Anti clines and syncline are result of,

A. Volcanicity B. Earth quake C. Faulting D. Folding

A. Barometer B. Hygrometer C. Rain gauge D. Anemometer.

18. Which Physical features occupies the largest area of East Africa?

A. The rift valley B. Plateau C. Highland areas D. Coastal plain.

19. The following countries shares borders with the East Africa except.

A. DRC B. Zimbabwe C. Rwanda D. Zambia.

20. The basin like volcanic feature found on top of some mountains of East Africa,

A. Inselberg B. Crater C. Caldera D. Volcanic plug.

PART TWO

SECTION B

1. Below is a photograph use it to answer the questions that follow.

2. Study the table below showing exports by value of selected goods from Kenya and answer the questions that follow.

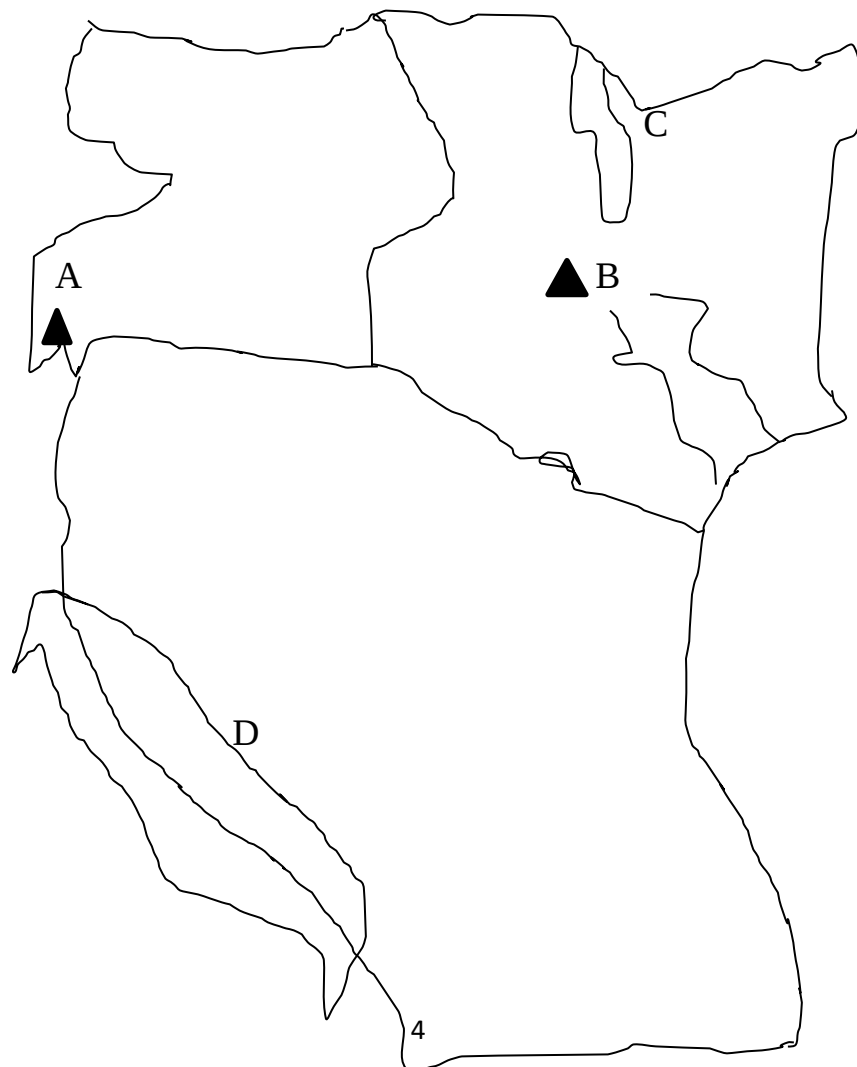

Types of goods	2001	2002	2003	2004	2005	2006
	1,200	1,300	3,600	3,700	4000	5,500

a). Draw a bar graph to show mineral production in Kenya between 2001 and 2005.

- b).Find the range mineral production of 2001 and 2005.
- c).Find the average mineral production for all the five years.
- d).Describe the trend of minerals production between 2001----2006.
- e).Explain 2 factors that contributed to such a trend.

SECTION B

- 3.a)Define a rock.
 - b).Explain the formation of igneous rock.
 - c).Explain the importance of igneous rocks (5).
 - d).State 2 disadvantages of igneous rocks.
- 4.Use the map of East Africa to answer the question below.

a)i).Name the mountain A and B.

ii).Name the lakes C and D.

iii)b).Write short notes on these intrusive volcanic features.

i).Sills

ii).Dykes

iii).Lacolith

iv).Batholith

c).Explain 4 importance of extrusive volcanic feature.
